### Oil Trust in Russia.

St. Petersburg, June 2.—An oil trust to monopolize the sale of petroleum products to Russia is being formed at Baku.

Foley's Kidney Remedy may be given to children with admirable results. It does away with bed wetting, and is also recommended for use after measles and scarlet fever.

### Bobby Mercer Coming.

Little "Bobby" Mercer, the crack little infielder, will join the Indians next Sunday when the team will return for the Sunday game. Mercer injured his right knee in the first exhibition game, and has just recovered sufficiently to don a uniform again. It is predicted that he will make good, as he is strong with the bat, besides being a fast fielder.

### VARN-O-WAX?

It's the best you ever saw for renewing the finish of all varnished and enameled surfaces. It's not a varnish, mind you, it's a liquid which cleans and polishes and produces a hard, bright piano finish which can not be marred or marked up. Dust can't stick to it, muddy water can't deface it.

Get a small can and try it; the 25c experiment will astound and delight you.

Where They Play Today and Tomorrow.  
Paducah at Vincennes.  
Clarksville at Hopkinsville.

Vincennes, Ind., June 2.—Paducah took another tumble down the percentage column yesterday afternoon when the Alices defeated the Indians by a score of 10 to 0. It was a hard game for Paducah to lose as Guinn, a star pitcher, was in the box, but he was touched up for 13 hits. Gosnell for Vincennes held the visitors down for five bingles. Bunched errors and safe raps assisted Vincennes in winning the game.

Vincennes started affairs in the third inning. Stanley singled, swiped second, while Johnson singled with two on the sacks, Hurst doubled and two scores were added. Gosnell and Johnson followed with neat singles and two more tallies were rung in. In the sixth inning Manager Nairn singled, and Johnson hit for two bags. McAndrews and Gosnell bunched singles while Tidwell missed a throw from Payne. During the inning five Alices scored. Just to rub it in another score was added in the eighth inning. Gosnell made his third hit, and Dehaven's sacrifice. Tidwell missed the ball, and on Johnson's long fly another run was added. Throughout the game the Indians were blanked. The third game of the series will be played this afternoon probably Harris working for Paducah. Manager Cooper hopes yet to secure an even break on the series.

Score—	R	H	E
Vincennes	10	13	2
Paducah	0	5	2

Batteries: Vincennes—Gosnell and Johnson. Paducah: Guinn and Oaterton.

#### Hopkinsville Wins.

Clarksville, Tenn., June 2.—Hopkinsville turned the tables yesterday afternoon and defeated the Clarksville team by a score of 8 to 7. It was anybody's game until the ninth inning as throughout the score was tight. Both teams were compelled to use two pitchers. Yons started the game for Hoptown, but lacked control, and he was yanked out of the box. Bridges started to work for the Volunteers, but was supplanted by Lamberth. Each team now has a game to its credit, and two more games of the series remaining. Another large crowd was present.

Score—	R	H	E
Hopkinsville	8	10	2
Clarksville	7	10	3

Batteries: Hopkinsville—Yons, Dowd and H. Williams. Clarksville—Bridges, Lambert and Blue.

THURSDAY, JUNE 2.

#### Daily Thought.

The great end of all human industry is the attainment of happiness. —Hume.

The British press might well be bawled. It is not yet too late for Mr. Roosevelt to insert some disparaging allusions in his Oxford lecture on "Some Biological Analogies in History."

The Chicago Tribune opined that if London presented to Mr. Roosevelt the keys to the city, he would throw them in the river. He did not; he unlocked the closet that held the family skeleton.

"Tom Watson announces that he has renounced Populism." That is the kindly way in which the Georgia press refers to the discovery that Tom Watson has sneaked back into the Democratic party.

Governor Patterson, of Tennessee, will begin his speaking tour this month, and Benton McMillan and Senator Jim Frazier will begin their debates about the same time. Further announcement is made by Tennessee papers that General Pickle will appear on the stump during the campaign, and that last assertion seems to cover the whole political situation in the Volunteer state.

**THE CONSERVATIVES PLEASED.**  
English Conservative papers are pleased at Roosevelt's revelation of affairs in Egypt. English Liberal papers denounce his manners and disagree with his conclusions. How natural! If any Englishman comes America and criticizes disparagingly our government of the Philippines, won't the Democrats applaud the Republicans take up the lunge? We are pleased to observe so much human nature in the press, it makes us hope that it is more Irish blood in the leaders of the country than we had hoped before. The Standard says: "In reading the speech there is found nothing of which to complain." The Pall Mall Gazette remarks: "The unconventional is justified only by success. If he prefers realities to the prophecies where vital interests are concerned, so does the judgment of the British people."

While the Liberal government reflects social conditions, now of paramount interest in England itself, it is not generally considered strong, and if Colonel Roosevelt had the courage to speak about conditions that do amount to a menace, and the British people accept his criticisms in good part, they will have cause to thank him. English people upon reflection and second reading will find plenty in Roosevelt's speech to startle them besides what they may consider a lack of good taste. It was strong language the colonel employed, in saying that Egypt is a menace to the British empire. A perfect stranger might be rudeness itself in jerking us out of the way of a mad bull or a locomotive engine; but after we recognize the danger we would forbear charging him with a violation of the proprieties.

#### THE FEE SYSTEM.

The news story yesterday of the release of Mrs. Oddie Thomas from the county jail on her own recognizance to appear at the September term of court, contained a statement that reflects strangely on our antiquated fee system for public officials, and particularly the magistrates. Mrs. Thomas was held to the grand jury by Police Judge Cross and placed in the McCracken county jail. Now, either Mrs. Thomas was a heinous offender or else she was a poor unfortunate, ignorant girl, with a baby on her hands and in desperate straits, which impelled her to do a foolish thing in abandoning her infant to the care of a stranger. The ladies of the Home of the Friendless took the latter view of the case, and since the girl made no apparent effort to escape detection, the facts far have justified their assumption of her innocence and pity for the orphan woman. They made vigorous efforts to secure the woman's release from custody, and Commonwealth's Attorney John G. Lovett had to her release in custody of some of the Friendless, where she was being cared for. A writ was granted by Judge Cross yesterday, and after payment to him of costs, the amount of the fee, would issue to the examining magistrate. The event of in-

judge ordered the girl's release. The study of the Home. It is not unusual for a magistrate to look sharply to his fees, even while drawing a salary of \$150 the month besides; but, somehow, under the circumstances the fee system is repugnant to our sense of the fitness of things. We believe general conditions would be benefited if the fees of the police court all accrued to the city, even though it were found necessary to increase the salary of the judge in order to secure the very best legal talent and judicial acumen on the bench.

**A GRANTLESS CAPITOL.**  
All Kentuckians, regardless of political affiliations, are proud of the new capitol building, which is being formally dedicated today. It was erected without scandal and without graft; it is a structure of which the state may well be proud—handsome, convenient and erected at a comparatively small cost.

To Governor Beckham's administration is due the credit for starting the work; and though a heavy burden of expense fell on the succeeding administration by reason of the fact that the building was put up without a bond issue, every item of that expense is accounted for. The work was undertaken with a surplus of approximately \$800,000, saved from current revenues. The building cost approximately \$2,000,000. The difference between the cash on hand and the total expense pretty nearly represents the deficit in the state treasury. Some complaint, of course, is heard because the state board of equalization, following the refusal of the legislature to do anything besides add to financial burdens of the state, has increased the tax assessment; and, on the other hand, the Beckham administration is criticized, because it undertook so costly an enterprise without issuing bonds. As a result both administrations have come in for unjust criticism, when, in reality, much credit is due both in this one particular, at least.

While we favor conservative bond issues for the construction of permanent improvements that will be enjoyed by the public during the whole term of the bonded indebtedness, we can appreciate the political sagacity which forbade the Beckham administration issuing bonds. It is possible an issue would have been unpopular and the ambition of Governor Beckham to start the work would have been thwarted. However that may be, he has cause to be proud this day of the part he played in securing the new capitol, and Governor Willson, under whose administration the work has been completed, is entitled to congratulations. The only state department that played an ignominious part in the whole affair is the legislature, which has aggravated the situation and taken much of the glamour off the capitol enterprise by heaping on other appropriations that make the capitol burden seem grievous to the taxpayers.

**REFORMING POLITICS.**  
Rudolph Spreckles' declaration of an intention to devote his life to the cause of political reform will not cause a ripple on the surface of public interest, excepting in those circles, where the statement contains the prospects of ready money. If there is need of reform in our politics one of two things is certain: the people are bad and need reforming, or our system of government is not sufficiently responsive to the popular will. Driving out bad men after they are discovered stealing or perverting justice is a poor substitute for preventing their access to funds and authority. Money cannot effect changes in our political machinery necessary to minimize the possibility of corruption. Only brains and concerted effort will bring about that result.

No scheme of reform that proposes to curtail the influence or responsibility of the great mass of voters is advisable. The first theory advanced when widespread political debauchery of our state and city governments was discovered, was that too many ignorant people with no property interests at stake were voting. Recent disclosures have shown that the voters were being debauched and the laws violated by those, who have the greatest property interest at stake. Then the other alternative was accepted, and the present theory is that more direct responsibility and power must be placed on the people. Hence the short ballot state primaries and the initiative and referendum.

Senator Owen, of Oklahoma, has sounded a cry far in advance of the most radical reformer, when he proposed the election of United States senators by popular vote with provision for their recall upon petition. It didn't strike the popular funny bone, either. We are coming to consider as rational many so-called absurdities of former "third party" platforms.

## GORED TO DEATH BY ANGRY BULL

HARRY C. CLARK MEETS WITH HORRIBLE FATE.

Former Employee of Edgewood Dairy Killed While Inspecting His Pen.

WILL BE BURIED TOMORROW.

Attacked by a thoroughbred Jersey bull, Harry C. Clark, 23 years old, was gored to death last night at the Edgewood dairy. Clark, who was a former employee of the dairy, went to the barn to see his former pen, and when preparing to leave the pen he was charged suddenly by the infuriated bull, and so seriously crushed that death resulted in about a half hour.

Clark was a popular young man in the city, and was employed as a leatherworker at M. Michael & Brother. About 7 o'clock last night with his brother-in-law, Rufe Walker, he went to the dairy and was looking over the herd of fine cattle. They climbed into the pen and remained for some time. The bull was chained and they considered themselves in no danger. In some manner the bull broke the chain and rushed at the two men. Clark was standing inside the pen preparing to climb out. The bull rushed at him and stunned him. It backed away and took another charge before assistance could be rendered the unfortunate man. His body was crushed against the fence, bursting the large arteries, fracturing several ribs and crushing his collapsing lungs and heart.

He was taken from the pen unconscious and never revived, dying in about 30 minutes. The body was removed in the private ambulance of Nance & Rogers to the home of his parents, 729 Goebel avenue. He is survived by a young wife, his parents, Mr. and Mrs. George A. Clark, one sister, Mrs. Ella May Hendon, and two brothers, Thomas and Guy Clark. His mother was visiting in Murray and did not hear the news until this morning. She returned this afternoon.

Clark was born in Graves county, but removed to Paducah when a lad with his parents, and has since resided here. He was a leatherworker by trade, but for several months was employed at the Edgewood dairy, where he cared for the bull that killed him. About a month ago he returned to work at his trade.

He was a young man with many friends, who were shocked to learn of his horrible death. Besides being affiliated with the Leatherworkers' union, he was a member of the Modern Woodmen of America. He was a staunch member of the Goebel Avenue Christian chapel, where the funeral will be held tomorrow afternoon at 3 o'clock, the Rev. Mr. Phillips officiating. The burial will take place in Oak Grove cemetery.

Acting Coroner C. W. Emery held an inquest over the body of Harry C. Clark last night and the coroner's jury returned a verdict of accidental death.

The pallbearers at the funeral will be A. C. Mayer, Lote Plumlee, George McFadden, Charles Houser, M. L. Akers and B. L. Ligon.

## DRY BURGLARS

CLEAN UP WET GOODS IN DENKER'S PLACE.

Removing a pane of glass from the side door of George Denker's grocery and saloon, Twelfth and Harrison streets, early this morning, burglars crawled through and helped themselves to a basket full of bonded and blended whisky and touched the cash register for several dollars in change.

When Mr. Denker opened his place of business this morning he discovered that 17 pints of whisky were missing, as follows: 2 pints of Three Rivers, 1 pint of Denker's Special, 3 pints of Belle of Lexington, 3 pints of Jack eBam, 3 pints of Early Times, 3 pints of Red Hook, and 2 pints of Mammoth Cave. No clew was left behind and the police are on a search for the thieves.

## A. G. GIBBONS OF METROPOLIS

Deals Extensively in Lumber and Building Material—Operates Modern Furniture Store and Conducts General Undertaking Quarters.

A pioneer resident of Metropolis is A. J. Gibbons, who has been a citizen of this prosperous and growing city for 20 years. His identification with a number of business enterprises has placed him prominently before the public. One of the branches of business which he operates is the furniture house, where everything is carried in modern furniture. This includes both suits and single pieces, matting, mattresses, desks, tables, rugs, refrigerators and brass and iron beds. The business is conducted on a strictly easy-payment plan, and young married men, salaried men, and in fact, people in almost every walk of life find this system of monthly payments a great convenience. In five years Mr. Gibbons has taken back only three bills of furniture, and two of those by request.

**UNDERTAKING DEPARTMENT.**  
It has been truly said that "necessity knows no law," and this fact is nowhere better exemplified than in the undertaking business. As a funeral director, the experience and painstaking efforts of A. J. Gibbons have won the respect and confidence of the public. The undertaking quarters are large and conveniently arranged, and contain all the requirements for a funeral. He is a master of the art of embalming, and has taken charge of the funerals of some of the most prominent residents of Metropolis.

**LUMBER AND BUILDING MATERIAL OF ALL KINDS.**

A. J. Gibbons is the oldest lumber dealer in Metropolis, and handles all kinds of building material. He has direct connection with some of the largest mills in the country, and stands in the position of an intermediary between the manufacturer and consumer. He is therefore, able to give practical information to those of his patrons who desire to build without the aid of an architect's plans and specifications. He operates a strictly retail lumber business, and carries in stock, lumber sawed to order, lath, shingles, gash doors, clay moulding, etc. Special bills will be cut to order on short notice from such timber as white and yellow pine, cypress, redwood, fir, basswood, yellow poplar, etc. He makes no empty claims, but furnishes to every customer the proof of fair treatment by giving an itemized account of the exact number of pieces, the dimensions of each in square feet, and the price per square foot. Mr. Gibbons is known as one of the most successful business men in Metropolis, and built his own building, which is a two-story brick structure, with large plate-glass windows and doors of modern architecture, and is utilized for a furniture and undertaking establishment.

## THE BIG RACE

"DR. M." AND "REELFOOT" ARE MATCHED FOR A GO.

To settle all opinions as to which is the fastest pacer, Hugh Marshall, owner of Dr. M., and Harry Moyers, owner of Reelfoot, have agreed to a match race, the best three out of five heats, to take place either June 30 or July 1 at the West End track, this city.

The race is a sure go and it will be probably the biggest attraction the West End track has had for some time. Both horses have their supporters and for several months the owners have been pressed by racehorse lovers to arrange a match. Dr. M., Paducah's pride, who holds the four year old stallion record for 1909, has many backers. Reelfoot, the celebrated claybank, who led the Lexington races in 1908, also has many supporters.

Both horses and their owners are here and both are being worked out daily. Reelfoot is said to be in the best condition he has ever been in, while Dr. M. is in perfect trim and even faster than last year. The match will result in thousands of "fans" coming here from all sections to see the winning horse settle the pace record here.

A purse of \$1,000 will be the goal and it will be blood for blood. Reelfoot is owned at Golconda and there is much rivalry between the Kentucky and Illinois pacers.

(Continued From Page One.)

that she had no idea as to her husband's whereabouts. The former housekeeper is about 43 years old, while her husband is probably 15 years her junior.

As an excuse for the disappearance of her husband, Mrs. Wendling offered this:

"He was French—he was gay—a Frenchman will 'take his head' unless he has work that he likes and the weather was so cold this winter and there was so much snow and so many fires to make and the work was so dirty, that I think that was why he left. He did not like Louisville and he wanted to be with French people. I never heard my husband talk about his friends. I know he deserted from the French army. He told me so just before we were married. I think we were married about two years ago on the 15th of December."

The books of the Louisville National Banking company show that Wendling drew his savings, \$100, on January 14. This is the day the janitor is thought to have disappeared.

The police department, which is being caustically criticised for its alleged failure to thoroughly search the vicinity of the Kellner home and St. John's church at the time the girl disappeared, is engaged in notifying the police of all cities to be on the lookout for Wendling.

**More Rewards Offered.**  
Frank Fehl, uncle of the Kellner child, offered \$1,000 for the arrest and conviction of the slayer. This fund was increased to \$2,000 by a contribution from Col. John Whalen, of this city. The city council was asked by Mayor Head to add another \$1,000. Governor Willson stated that he was without authority to post a reward until a request was made upon him by the county judge but he signified that after this formally the state would further increase the sum. The board of public safety has instructed the police and detective departments to spare no expense in the pursuit of the murderer. The police do not believe that Joseph Wendling, the janitor, about whom the police have already fastened a strong chain of circumstantial evidence and who deserted from the French army, would risk a return there, but they believe he is more probably to be found in some French settlement in this country or Canada.

**Keep Truth From Mother.**  
The truth has been kept from Mrs. Fred F. Kellner, mother of Alma, that the body was horribly mutilated when found. Since Monday she has remained within the seclusion of her room on the border of collapse. She cannot understand why the body was not brought to the house or how there should be any doubt about the identification. Failing to receive a ready answer regarding the latter, she asked: "Why can't you tell by the scar on her nose?"

About a year ago the little girl cut her nose by a fall from roller skates.

### NEWS OF COURTS

#### In Circuit Court.

Hiram Smedley, former county clerk, will visit Paducah tomorrow for the first time since he was taken to the Eddyville penitentiary. His presence is needed in the trial of the suit of the county of McCracken against Smedley's surety, the Title Guaranty and Trust company. In the suit the county is seeking to collect on the bond money Smedley misappropriated while in office. One settlement has been made with the company, and its attorneys claim that it covers all deficits in the office of Smedley. Considerable interest is attached to the trial of the suit because it was a trial of contention during the last county campaign. Judge Reed issued an order this morning for the warden of the Eddyville penitentiary to bring Smedley to Paducah tomorrow for the purpose of attending court.

Trial of the suit of James Williams against the J. T. Morgan Lumber company, was on this afternoon. The suit is over a tract of timber located in Tennessee.

#### Verdict for \$350.

For the sinking of their gasoline launch Stakk 11, Murray & Watson secured a verdict for \$350 this morning against the St. Louis and Tennessee River Packet company. The evidence and arguments occupied practically all of yesterday, and the jury was permitted to go until this morning. The plaintiff sued for \$1,000. The launch was sunk in the local harbor several months ago when the steamer City of Savannah backed out from the wharfbank. Captain Ed Pell, who was in the pilot house when the launch sank, was at the wheel of the Savannah when the accident occurred.

Cora Gillen was awarded \$350 for damages to a tract of timber as a result of a fire started by the Illinois Central railroad. The plaintiff introduced testimony showing that the timber was killed, and killed by the fire.

The suit of Charles Ford against the Western Union Telegraph company was dismissed without prejudice.

Trial of the suit of H. C. Partee against A. W. Vance was continued until next Monday. By agreement the suit will be tried before Judge William Reed without a jury. Partee is seeking to recover a diamond, which he lost, and he alleges it is the same one that Mr. Vance purchased from a pawnbroker. The suit is an appeal from county court.

## S.S. CURES BLOOD HUMORS

The skin is provided with countless pores and glands, through which an evaporation is going on continually, day and night. This is Nature's method of regulating the temperature of our bodies, and preserving the natural appearance of the skin. These pores and glands are connected with tiny veins and arteries through which they receive from the blood the necessary nourishment and strength to preserve their healthy condition.

Just as long as the blood remains pure the skin will be free from eruptions, but when the blood becomes affected with acids and humors its nourishing and healthful properties are lost, and its acid, humor-laden condition causes inflammation of the delicate tissues and fibres of the pores and glands, and the effect is shown in Eczema, Tetter, Salt Rheum, Pimples, Rashes, etc.

The humors and acids get into the blood through a deranged and inactive condition of the system. Those members whose duty it is to collect and expel the refuse matters of the body fail to properly do their work, and a surplus amount of waste matter is left in the system to sour and ferment and be absorbed into the blood. Salves, washes, lotions, etc., are valuable only for what ability they possess to keep the skin clean, allay itching and temporarily reduce inflammation. They cannot cure skin trouble because they do not reach the blood.

S. S. S. cures Skin Diseases of every character and kind because it is the greatest of all blood purifiers. It goes into the circulation and REMOVES the acids and humors that are causing the trouble, builds up the weak, acid blood and completely cures Eczema, Acne, Tetter, Salt Rheum, Pimples, Rashes, and every variety of skin eruption and affection. When S. S. S. has driven out the humors and acids from the blood, every symptom passes away, the skin is nourished with rich, healthful blood, the tissues are relieved of all inflammation, natural evaporation again takes place and the skin becomes soft and smooth and perfect. Book on Skin Diseases sent free.

## FOR PORTO RICO

### COMMITTEE ON INSULAR AFFAIRS OFFERS AMENDMENTS.

On the Democratic Side the Bill Was Subjected to Running Fire of Criticism.

Washington, June 2.—The administration bill providing for the establishment of a new civil government for Porto Rico was before the house during its entire session, and will be discussed again next Wednesday. Chairman Olmstead, of the committee on insular affairs, said that his committee would have numerous amendments to offer to the measure.

On the Democratic side the bill was subjected to a running fire of criticism. Several Democrats declared that the pending bill would provide for a government less representative of the people of the island than the Foraker act. Representative Jones, of Virginia, in commenting upon the position occupied by Resident Commissioner Larrinaga, of Porto Rico, said that while he was the representative of the islands the war department had not consulted him in the administration of the affairs of Porto Rico.

Mr. Larrinaga declared that a

majority of the people of Porto Rico would prefer living under the present law rather than exchanging it for the proposed new form of civil government embodied in the bill. He was accorded the usual privilege of unlimited time in which to conclude his remarks upon the measure.

When the house meets next Wednesday Mr. Larrinaga will again take the floor.

### MONTREAL AND QUEBEC.

A veritable edition de luxe among railroad pamphlets has been issued by the Grand Trunk Railway System to proclaim amongst tourists the glories of the cities of Montreal and Quebec. The brochure is beautifully printed and generally arranged in the artistic style of earlier days, when the ornamentation of a volume was regarded as an important incident to its presentation of reading matter. It gives an interesting description of the two most interesting cities in Canada, with many illustrations from photographs. Sent free to any address. Apply to W. S. Cookson, 917 Merchants Loan and Trust Building, Chicago.

### All Modern Improvements.

At a meeting of the lodge in a wayback village a member suggested that cuspids be secured. "I move, Mr. President," said an ever-ready member, "that the executive committee be empowered to employ two competent cuspids to serve during the ensuing year." Everybody's Magazine.

## Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort. Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

## New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because the New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wick with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

## DOUBLE IDENTITY AND HUSBAND LOST

RALEIGH YOUNG WOMAN IS IN SEARCH OF HIM.

Alfred Cahn, the Missing Husband Who Once Lived in Raleigh Leaves His Wife in Nashville.

### A STRANGE MENTAL DISORDER

Raleigh, N. C., June 2.—The victim of a strange mental disorder, which in its course produces a double identity, Alfred Cahn, of Nashville, Tenn., has wandered away from his home, and after a fruitless search for him, his wife, formerly Miss Esther Stone, of this city, a daughter of Mrs. J. L. Stone, of 702 Blount street, is here with her mother and is still seeking a trace of her husband who disappeared on April 19. Her father was the late Mr. J. L. Stone, who was in the piano and sewing machine business here.

Mrs. Cahn reached this city on Friday and she has a most pathetic story to tell of the second disappearance of her husband who suffers from a mental disorder known as a "double identity," in which he forgets who he is and all of his past life, becoming an entirely different man. Once before has Mr. Cahn disappeared in this unaccountable manner, but after an absence of 19 months he "came to himself" and returned to his wife.

Mr. Cahn was an employee of the Home Art Supply company in Nashville, and was engaged in work for it when he disappeared. He is a German Jew, 39 years old, small of stature and well educated. He speaks German and English fluently and is said to be a graduate of two or three German universities, coming to this country from Magdeburg, Germany, and his accent shows him to be a foreigner. When he disappeared he had on a black suit, with black derby, a gray silk four-in-hand, a turndown collar and a long gray rain coat. He wears rimless nose glasses.

Mrs. Cahn is greatly distressed about her husband's disappearance and concerning this said yesterday:

"Mr. Cahn has suffered from lapses of memory twice before, once since we were married in Raleigh in 1913 and for 19 months I lost all knowledge of him. When I found him he was holding a responsible position as the manager of a furniture store, and he was absolutely ignorant of having left me 19 months before. The shock of learning what he had done half cleared his brain, and later he fully recovered."

"I met Mr. Cahn in Raleigh in work in the Pilot Mills Baptist church, where he was teacher of the Bible class. He is a converted Jew, a member of the Baptist church, and came to Pilot Mills church from the Tabernacle Baptist church, while I was a member of the First Baptist and did work in the Pilot Mills church. We were married by Rev. J. C. Massey in Raleigh on July 5, 1905, the wedding taking place at home. Mr. Cahn, while here, worked in insurance for the Provident Savings company. After our marriage we went to Birmingham, Ala., and later to Nashville, Tenn. A short time ago I visited my mother here and at that time Mr. Cahn was well. Mr. Cahn is a Christian Hebrew and a Baptist by faith. I am a gentle and a Baptist also."

"The day before he left me in Nashville I became suspicious that his mind was not right. We have always lived in perfect harmony and he gave me every attention. After he left I gave information to the police and to the papers. Everybody has been very kind to me in searching for him, but since April 25, when I heard he had been seen at Martin, Tenn., I have heard nothing of him. Letters I have traced him at points in West Tennessee, these being Kingston Springs, McEwen, Denver, Hico, McKenzie, Gleason and Martin after he left Nashville, but where he has gone I do not know, for after leaving Martin he may have turned towards St. Louis, Jackson, Tenn. Memphis, Tenn., Cairo, Ill., or Paducah, Ky. He was seen walking the roads, and one man wrote that he had seen him, that he walked awhile and ran awhile. He had lived in New York and Pennsylvania for some 17 years before coming to Raleigh. If any one here of him I hope they will wire me or to the News and Observer."

The Nashville Banner prints a full account of the disappearance and gives a picture of Mr. Cahn. In its account it says that Dr. John W. Stephens, of the City View Sanatorium, whom Mr. Cahn consulted in a review of the case states:

"From the history that he gave me and from the careful examination I made I am of the opinion that he suffers from a peculiar disorder

### SOUR STOMACH

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

## FRANK GOTCH IS STILL CHAMPION

DEFEATED ZBYSKO IN TWO STRAIGHT FALLS.

Pole Had No Chance, First Fall Lasted Only 634 Seconds, Second Went 27½ Minutes.

GREAT OVATION FOR GOTCH.

Chicago, June 2.—Frank Gotch, of Humboldt, Iowa, successfully defended his title as the wrestling champion of the world by easily defeating Stanislaus Zbyszko, the Polish champion in straight falls at the Coliseum.

Gotch outclassed his bulkier opponent. After winning the first fall in six and one-quarter seconds, it was only a question of how long the Pole could hold out against the brilliant and varied attacks of his more skillful rival.

The immense crowd had hardly realized the match had started before Referee Dick Fleming slapped Gotch on the back and declared him the winner of the first fall. The hold which sent the Pole down was a bar arm and half Nelson.

The first fall was over so soon that there was little intermission before the men faced each other for the second.

Warned by his sudden downfall, Zbyszko was more cautious and it took Gotch 27 minutes and 36 seconds to win the second fall and the match, with a bar arm and wrist lock.

The result showed that the Iowa farmer is still without an equal in the wrestling game. At no time was he in danger and when the Pole secured any advantage, Gotch would quickly break the hold and jump to his feet.

The American showed far greater knowledge of mat tactics than his more deliberate and slow thinking antagonist. Gotch would fore stall his opponent at every turn and it was hopeless for the Pole to attempt the aggressive. The match demonstrated Gotch must have been out of condition when he lost the handicap to Zbyszko at Buffalo. In that encounter, Gotch agreed to throw the Pole twice within an hour, but failed to get even one fall in the allotted time.

The American champion was given a demonstration at the conclusion of the match. He was borne from the ring on the shoulders of a howling mob, while the defeated Pole, with a look of pain on his face, was barely able to stagger down the ladder from the raised square.

Referee Fleming said there is no doubt in his mind that the first fall was decisive. A feeble protest was registered by Harman, the Pole's manager, but he apparently realized that he had no grounds on which to base his protest.

## The Conservation of Nature's Resources

Applies as well to our physical state as to material things. C. J. Budlong, Washington, R. I., realized his condition, and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in our family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late."—Gilbert's Drug Store.
